August 2021 - May 2023

- Despite the project not reaching completion, the process was invaluable. Collaborating with fellow students, I gained hands-on experience with GitHub, honed my communication skills, and learned the importance of teamwork in achieving shared goals. Contributing to discussions and expressing my ideas in a creative space allowed me to further develop my problem-solving and critical-thinking abilities.

CSO (Computer Science Organization)

- As a member, I actively participated in problem-solving sessions, where intricate questions were posed on the board. This collaborative environment allowed me to sharpen my analytical skills and learn from the diverse perspectives of my peers.
